Subject: Edgewater Park - Association Pier Update

EPPOA Neighbors,

We wanted to provide everyone an update on the association pier vote, which was discussed at our last association meeting on September 27th, 2020. People who were in attendance at that meeting were able to vote in person and we then sent ballots in the mail to all other members. The final outcome was 35 votes for a new pier and 5 for re-decking. Therefore, we are proceeding with the purchase of a new aluminum pier. The feedback from our last meeting was taken under consideration regarding the final decisions, as to accommodate what the majority wanted in a new pier. The new pier will have a 5ft wide walkway with a 4ft T section at the end. There will be a ladder at the end of the pier and stairs at shore. Lastly, there will be bumpers for every boat slip. Again, the new pier already has budget set aside and the final purchase will be within those allotted dollars. Jack Hill (Waterfront Chairperson) will be taking the lead on the purchase this week to ensure we are ready for Spring.

Thank you for everyone's input and hope everyone has a great Thanksgiving!
